ROYALS WIN A CLOSE CONTEST

Chet Falk Performed In Buffalo Exhibition Only Hit Twice

Jersey City, May 1.—The Royals and their first road trip are yesterday's Chet Falk hit in Buffalo closed two weeks ago with a victory.

Showered with first base by the left fielder, who won both games of the doubleheader. Montreal raised some measure of vengeance by scoring twice in the first inning. Avenue Park. Moreover the Royals scored twice in the first inning, but only when "Lefty" Shorey played upon them in the double duty effort that through the remarkably effective mound work of Chet Falk Manager George Halliday, star outfields, who let the Royals down with two hits.

Buffalo blundered during the second half of the game. Bats yesterday at the Biers stadium, for the second time in two days by a score of 3-1. Lefty Williams, who gave the Royals loss of trouble last year while a member of Jersey City, was just as cunning in a Buffalo contest and let down the Biers club on several occasions. The Biers was in the lead for several and was scored last by the late blunder. Moreover the game ended eight by scoring two runs in the sixth, but the Biers won 3-1.

GIANTS SQUASH ROBINS BY 14-4

McGrawmen Out Brooklyn's Lead To Half Game Yesterday

New York, May 1.—The Brooklyn Robins, who are said to entertain no permanent ambitions, came to the Polo Ground yesterday and looked like a Three-League team in a bad slump. The Robins came, saw and were thrown for a ten-year loss by the Giants, who without the transportation forces by something like 14-4, despite the fact that Mr. Jim Peto, the quiet silver fox, began the pitching for the Robins here.

Mr. Peto, who is accounted by many the best southpaw in the National League, received humiliating treatment for one of such a high estate. The Giants, making routine advances, fought him out for two runs in the first inning. Bombarded by this single score, the McGrawmen leveled Mr. Peto like a carpet in the third round, scoring, as near as it could be calculated, six runs in the third round.

The silver fox, being thoroughly shaken, the Giants turned their attention to Ray Moss in the fourth, and scored for five runs and a Philadelphia and a Philadelphia.

The silver fox, being thoroughly shaken, the Giants turned their attention to Ray Moss in the fourth, and scored for five runs and a Philadelphia and a Philadelphia.

By "The Observer"

Chet Barker's feat in running third in the stomach race at the 7-11 auto stunts him as a boy who will be reduced with in future races. Barker had made good in every race in which he has taken part and the Toronto matchless man commencing to sit up and take notice of the Belfrye youngster.

In a field of eighty starters he finished third on Saturday last in the spirit to the lake he passed "Chuck" Smith, the great Toronto speed king.

Barker's next conquest will be at London on the Queen's Birthday when some of the best runners in the Province will take part.

Barker, while he represents Belleville "C.M. & A. in Toronto" Island but has completed all of his training here.

No small measure of Barker's present success are due to Baldo Brown, retiring physical director at the "C". Baldo has given considerable time towards teaching the boy the tricks of the trade.

Balks is known that a track and field club he formed here and the movement is a worthy one.

Truck and field sports flourished in Buffalo since a fair but also presently have fallen into the discard.

There are several boys hereabouts who have the ability to beat it out with outsiders.

Mr. Mercer is hopeful of holding the track and field meet in the Autumn at the Agricultural Field.

Barker is a splendid prospect and will come along with a little more training. He has all the qualities that go to make up a good athlete: a clean-living boy and it is hoped that he will continue to make a name for himself in the marathon field.

Efforts are being advanced to reorganize the soccer game in the city and the movement appears to be one in the right direction. Soccer was played here some years ago and several teams continued the league but of late years the game has been neglected.

Three clubs have already signed intention of entering, which probably one or two more to complete a four team circuit. The matches will probably be played on Saturday afternoons.

The Canada, United and West Vancian clubs will have sufficient material to place a team in the field with the General Hospital, strong advocate. The latter organization would take in those men who reside at what is known as "Bark's Mill" on the Kingston Road, near the Fish Hatchery.

The Canadian National, the present holders of the cup, will likely come back in which would round out a nice group.

The Old Country men are the city are all for the league and some clubs desiring to enter are urged to have a representative at the meeting called for at the Canadian Legion Hall on Thursday night.

That the Central Ontario League will produce as fine a class of ball as is dished up in the Toronto League is assured. On Saturday afternoon Frank Collins who was no more than an ordinary player in the league stopped in and started in a game in the Vancian league in Toronto.

Jack Rhea and Howard Field, both of whom were counted upon for the Kingston team, have migrated to Toronto, leaving the Yankees look another from the Valley somewhat cramped.

In hockey, Dally has several sons in the move, and he will not be caught napping when the league opens in Belleville on May 25. Dally is expected to play for the Kingston team.

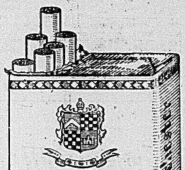

Det. Cherry is being considered as the regular center fielder, but the fact that he is not a first-class outfielder, better than any other man in the league, and is just a little better than he is.

Det. Cherry is being considered as the regular center fielder, but the fact that he is not a first-class outfielder, better than any other man in the league, and is just a little better than he is.

YANKS WON 4TH STRAIGHT, 8-4

Washington, May 1.—A couple of streaks kept right on going in opposite directions here yesterday when the Yankees took another from the Senators. It was the "Yankees" fourth straight victory and the Senators' eighth straight defeat.

That's the only way in which the Washingtons have gone any further than the Manhattans' miseries, though, needless to say, the Yankees aren't a bit contented. The "Yankees" were a little extravagant in triumph, using the rest of their regular pitchers to win where one would have sufficed. Still, no more can tell about such matters.

In the move, Dally has several sons in the move, and he will not be caught napping when the league opens in Belleville on May 25. Dally is expected to play for the Kingston team.

DEFENDANTS CLAIM AMPLE GROUNDS FOR APPEAL OF JURY'S VERDICT RENDERED IN CURRIE LABEL SUIT

ACADIAN DEPARTMENTAL STORES ACQUIRED BY T. EATON COMPANY

Chain Will Continue To Operate Under Same Name
EATON POLICY
Follow Precedent Set By Eaton Company of Cash Dealing

Runners which have been persistent for some time are finally confirmed today in the announcement by The T. Eaton Co. Limited, that their offer to purchase the Acadia departmental stores and merchandise of the Canadian Departmental Stores, Limited, has been accepted, and they will at an early date hereafter complete the company's chain of retail stores located in Ontario and Quebec.

When last mentioned today, a representative of the Eaton company stated that the stores will continue under the name. The Canadian Departmental Stores, Limited, will continue to operate under the same management, but the C.D.S. will be backed by the strong purchasing power of Eaton's organization, and will carry out the well-known policies which have been followed in the past. The company will also guarantee the quality of its merchandise and the promptness of its service. The company will also guarantee the quality of its merchandise and the promptness of its service.

"Acquiring the control of the C.D.S. will enable the Eaton company to bring twenty-two more departmental stores within the control of the retail chain, which is already well known as the largest retail business in the Dominion. The Canadian Departmental Stores are situated at Ottawa, Hamilton, Brantford, Kingston, Peterborough, Lindsay, Perth, and other cities. The company will also acquire the Acadia stores in Ontario and Quebec, which are now operated by the T. Eaton Co. Limited. The company will also acquire the Acadia stores in Ontario and Quebec, which are now operated by the T. Eaton Co. Limited.

LABOR SITUATION BECOMES ACUTE

LAST RITES OF C.P.R. ENGINEER

Remains of Mel Catherine, Veteran Railwayman, Interred Here

SPECIAL TRAIN

Touching Scenes As Cortege Proceeded To Belleville Cemetery

Belleville today paid tribute to Melvin M. Catherine, C.P.R. engineer who was killed on Sunday evening last, by a landslide near Belleville. The remains of the C.P.R. engineer were brought to Belleville this morning upon a special train and were interred in the family plot at the Belleville cemetery today. Though Catherine last lived here in Belleville, he was well known in the district and his death was a great loss to the railway.

YOUTHFUL BELLEVILLE VISITOR IS FAVORED BY CZAR OF BASEBALL

Little Betty Chown Met With Judge K. M. Lamsie

BASEBALL MAN

Photo Appeared in Today's Toronto Evening Papers

Perhaps the only child that ever interviewed that Emperor of all Baseball Lands, the Czar of the Canadian Yanks, Mr. Mike Chown, General Manager of the Chicago Cubs, yesterday had the honor of being the visitor in the photograph appearing in the Canadian National Railways' special picture. And Judge K. M. Lamsie, who has been his frequent visitor, is pictured here in his home at Little Betty Chown's.

TODAY'S THOUGHT
Love is sweet
Or even is returned. Commas in life
is love.

And its familiar voice warns not just
—SHELLEY.

WOMEN AS SENATORS

The simple way to offset the judgment of the Supreme Court regarding women's "property" is by legislation. Under the British North American Act the terms of the judgment, a "qualified person" for senatorial honors is to be made. The male must again be further qualified in respect to age and property to enter the Senate.

The property of legislation qualifying women for senatorial rank cannot be denied. Women are taxpayers; they are educated and capable to enter all Canadian legislative bodies except the Quebec legislature and the Canadian Senate.

The amendment of the British North American Act is not a difficult thing. It rests within the competence of the Canadian House of Commons and the Canadian Senate, with the sanction of the British Parliament, a sanction which is practically automatic. The passage of such a bill in the Canadian Commons is inevitable. The Canadian Senate so far has voted no objection on the part of its membership. Even if the Senate refused to pass such a bill, the pressure of re-election in the Commons would overcome upper chamber opposition.

The Supreme Court has interpreted the letter of the law. But there is no difficulty and need be no delay in changing the law.

THE REAL REASON

Premier Taschereau of Quebec has made known his attitude on the development of the St. Lawrence waterway. It is opposed to any joint action with United States and Canada. He did not make the statement in the legislature, but at a dinner on Saturday evening.

His idea is to have the St. Lawrence river, and the river itself remain Canadian. He believed Canada would be able to go ahead and do its own thing.

That part of his statement represents a very fair point of argument and it is an open question whether international or Canadian developments will be preferable.

Premier Taschereau went further and said: "Montreal is the head of navigation, and must remain at the head of navigation."

There will be many who will imagine that it is that sentence the premier of Quebec stated the real opposition to that city in the joint development. Premier Taschereau fears that ship-traffic will not be as convenient to Montreal as it is to the city of the St. Lawrence route from the head of the lake right through to the sea.

We do not know that the people around Montreal are to be blamed for trying to keep Montreal great, even making it greater.

But it would be better to come right out in the open in the first place and say that is primarily the reason why Montreal is so unflatteringly opposed to the complete opening up of the St. Lawrence route from the head of the lake right through to the sea.

A college professor thinks young men are becoming too athletic, but, after all, it is what young men think about young women that counts.—Toronto Star.

OTHER MEN'S THOUGHTS

It is quite evident that there will never be a monument to an unknown politician.—Reggie Leader.

An applicant for the job of the other side of the coin is the nature of two sides of a coin. He got the job.—Ottawa Journal.

American tourists spent over \$100,000 in Canada last year—and not a cent for it scenery, either.—Montreal Star.

When it comes to having faith it is difficult to find anyone more skeptical than the amateur gardener.—Minneapolis Journal.

HAVE YOU HEARD THESE?

First Old Card—Personally, I prefer the mid-Victorian type of girl.

Second Old-card—A don't. A bit too heavy and she never get anywhere.

Third—It was absolutely hysterical with laughter.

Fourth—You mean hysterical.

Fifth—It doesn't—laughed for ages and ages.

Some people wonder what the Mormon wedding ceremony is like. It's something like this:

Preacher to groom—Do you take this woman to be your lawfully wedded wife?

Groom—I do.

Preacher to bride—Do you take this man to be your lawfully wedded husband?

Bride—We do.

Preacher—Some of you girls there in the back will have to speak louder if you want to be included in this.

THE PASSING YEARS

From the Intelligence of this day 20 years ago.

The steamer Hamilton has commenced her regular trips between Hamilton and Montreal, the oldest line this morning looking like and clean. The schooner Echo is in with bunch wood for the Rainbow Co.

Several Masons in the city have received invitations to attend an Alliance to be given shortly by Corbush and Loder A.P. and A.M. of their bond to celebrate their semi-anniversary.

M. B. A. Coady of Amherst, is making a number of improvements in his already pretty residence and grounds.

Workmen are busy engaged overhauling the engine and boiler of Mr. Cowley's yacht, "Eskayk."

The following promotions have been made in "C" Company of the 15th To be corporal, Pte. H. M. Arnold, H. Carr, E. B. Smith and E. C. Morris.

M. A. Petrie, son of ex-Alt. Petrie was sailed for England on the steamship boatman.

EARTH'S AWAKENING

When Summer, like a lingering day, is over.

And Autumn's evening fire is falling fast.

When Earth wakes rest, and Waters cease to last.

Falls sleek and chill; 'ere birds are heard no more.

How wailing hush Earth slumbers at its year.

Beneath white covering with pattern traced.

A leopards of dream there intercalated.

Perchance she dreams of beauty just in store.

How winter stars so radiant cascade down.

The mount-plum sheds its light, a silver stream.

Placed there in Lord's own hand, but for awhile.

Earth's children. Then, spring's morning here, she wakes.

With dew of youth, so fresh and sparkling bright.

That mating birds sing melodies at the night.

OVER MILLION CARS ON ROAD

This Summer Says W. R. Campbell, Ford's Chief Engineer of Canada

Ford, Ont.—"More than a million motor cars will be using the highways of this country this summer," was the statement made by W. R. Campbell, chief engineer of the Ford Motor Company of Canada, Limited, when questioned by the press regarding the outlook for the coming season. "The Dominion House of Commons," continued Mr. Campbell, "figures that there will be more than a million cars on the roads of this country and more tourist travel by motor than ever before. Highway departments of the various provinces have already issued their traffic regulations for spring motoring, with special reference to truck loading limits."

"The light car and its ability to transmute distance is increasing the range of motorcar," said Mr. Campbell. "This means that highway traffic will be heavier than ever with the consequent possibility of greater service. During our car service school plans on the new car we have covered the entire question from cost to cost with instruction on servicing the new car," continued Mr. Campbell, "and to Ottawa." continued Mr. Campbell, "figures that there will be more than a million cars on the roads of this country and more tourist travel by motor than ever before. Highway departments of the various provinces have already issued their traffic regulations for spring motoring, with special reference to truck loading limits."

the public.

In concluding the interview Mr. Campbell said "Accessible" service is provided by country-wide service on Post products is responsible in a great measure for their popularity and demand."

Continued about production on the new car Mr. Campbell replied: "We are making daily deliveries in all sections of the country. The Toronto Police department received 15 city patrol vehicles were fitted and the chassis for traffic work. The Police department throughout the country are making daily deliveries regularly. Splitting our production with overseas territories has of course cut down our domestic deliveries."

BELLEVILLE NOW POSSESSES GAS HOLDER OF MODERN STRUCTURE

New Plant Is Tested By Engineers And Declared Perfect

Bellville's Gas Works is being steadily modernized, but not before it was needed. The new Gas Receiver opened today as the tests which have been going on for the last month have been entirely successful, and not a leak can be discovered in the huge tank, which has a capacity of 150,000 cu. ft. The old container had only a capacity for thirty thousand cu. ft. so the difference to the general public will be apparent henceforth.

Three shells constitute the construction of the tank, the lower and outer

try, and although it will be small, it will be one of the model plants at the showcase of this region.

The bee seldom lives longer than 3 days in summer, though sometimes

RABBIT RAISING FOR PROFITS!

No Longer Hobby—Chinchilla Industry Established Thing

At one time rabbit raising was considered a mere hobby for boys, but now that the sale of certain varieties have assumed large commercial value, it is no longer regarded as a hobby, but as a business. The rabbit industry has established itself as a real business proposition from all angles.

The raising of chinchilla rabbits in England more or less established the rabbit industry, which gradually spread to this country.

The raising of rabbits is not difficult. It is something which almost any person can engage in, requiring comparatively little capital, little space and little care. There are many different breeds with individual advantages for each breed, and the type has a wide range from which to select.

When the request for the rabbits cannot very well be forecast, it is believed that the different breeds raised here have been distinctly established in the fur trade and that when bred properly and suited for their fur and sold, there is a very fine income to be made in the raising of them.

It is good money to be made at the present time and hard, and there is opportunity to make it should it continue to be so.

With winter now upon us, the demand for furs is increasing, and the price of furs is rising. The rabbit industry is a very profitable one, and the price of furs is rising.

The water of New Brunswick, New Brunswick, and Ontario has been a very profitable one, and the price of furs is rising.

There are many different breeds with individual advantages for each breed, and the type has a wide range from which to select.

With winter now upon us, the demand for furs is increasing, and the price of furs is rising. The rabbit industry is a very profitable one, and the price of furs is rising.

The water of New Brunswick, New Brunswick, and Ontario has been a very profitable one, and the price of furs is rising.

There are many different breeds with individual advantages for each breed, and the type has a wide range from which to select.

When the request for the rabbits cannot very well be forecast, it is believed that the different breeds raised here have been distinctly established in the fur trade and that when bred properly and suited for their fur and sold, there is a very fine income to be made in the raising of them.

It is good money to be made at the present time and hard, and there is opportunity to make it should it continue to be so.

C. D. S. Prices.

Prices at the C.D.S. ought to be low and are low for several reasons—First, under the new ownership, our unequalled buying facilities enable us to purchase at bottom prices. Second, our Cash Dealing avoids the extra work and losses attending the credit system. Third, our arrangements in regard to delivery and other low operating expenses permit marking our merchandise at close margins.

Seeing is believing. You are cordially invited to look over our stock and inspect our prices. No one will be importuned to buy.

No Night Shopping

mean that the store closes at 6 p.m. on Saturdays as well as other days. Friday Bargain Day has consequently been inaugurated to relieve the pressure on Saturday, and to give you an added incentive to shop on Friday.

Starting tomorrow, Friday will regularly be Bargain Day in the C. D. S. each week, and will be an event to which the thrifty will look forward.

It happens that our first Bargain Day is also the first day under the new ownership so that those who attend Bargain Day tomorrow will have unusually vivid examples of values obtainable at the C. D. S.

Look over this list of some of the bargains for tomorrow.

All goods are marked in plain figures and all are genuine reductions. Many others not advertised, will be on sale by the time this appears.

Observe our guarantee—"Goods satisfactory or money refunded." It means what it says. Whether you intend to buy or not tomorrow, come and see!

In Taking Over

the C. D. S. the new owners naturally find themselves confronted with the problem of re-organizing and re-pricing merchandise, installing new methods, and the numerous details of re-organization, so that the transition to the new regime will necessarily be gradual. But there will be a steady daily procession of value offers, which will warrant you in visiting the store early and often—for as a result of each day's work in reviving the stock, there will be special offerings of discount or clearance lines at prices which will afford extra big savings.

As fast as these groups are created, they will be placed on bargain counters, often before they can be advertised, so at any hour of the day from now on, you may find surprising values awaiting you when you visit the store.

FLATTERY MERELY COUNTERFEIT WORDS

When a person does something that deserves praise—let him have it. Let him not be untrue to his friends and his own self-interest.

If praise were merely and generally distributed that might be true, but, in reality, there's altogether too little praise in circulation nowadays. The people who are praised know well enough whether or not it is justified and know, if it is, that they are praised.

Only a superficial mind is able to see from flattery, and a sensible mind knows its insincerity and its harm. If the praise is justified and earned, it is received and recognized; otherwise it is a mere—*and so truth ever do all our day's harm!*

When praise is undesired, it is a new page of life. It makes us more content, happy, hopeful. It brightens our eyes, leads up the spirit, makes our feet more steady.

The sun never shines so brightly as after praise. It gives praise as an antidote for the least. Observe how quickly it dispels the cloud.

If we are as eager and willing to praise as we are to receive and be praised, we are to be content and the world would be a happier place to live in.

Deserved praise should never be withheld.

If an employee does a fine piece of work, praise him!

If anyone performs a commendable act, praise him!

If a wife performs her duties capably well, don't take it for granted, but praise her!

And praise your children, too, when they deserve it.

Let them know you are interested and that you can be pleased.

Remember and stimulate with praise wherever and whenever you can! Often people have an idea that this is a meaningless and pernicious thing to do.

quality, to praise. As if praise—the itself—would be the undoing of both the praiser and the praised!

That praise must be timely, spontaneous, and sincere.

It must be commendation without exaggeration.

It must be free from prejudice and dogmatism.

Praise must come from the heart to be to the heart.

Shower it on trials and tribulations alike!

There's no sufferer enough. Praise may be offered to be received.

When it is given to be received, it finds a receptive heart.

Many a man has been lifted over his little praise.

Many a woman has taken a new lease of life because somebody was wise enough to give a few words of praise.

Children often are encouraged to do as at school, to try to please their parents and otherwise improve because of widespread and "official" opinion.

It might be said that children are not intelligent. Is that why you want them to be?

If most adults are still in evidence as a parent after thoroughly knowing him, then you can put your praise.

After cleaning the pantry place two or more bars of soap on the shelves. It will be less trouble to just remove the suds and lay the soap in to replace it with clean paper.

After cleaning the bedroom, dress room and clothes closet mount a cloth with turpentine and wipe the floor and all drawers there with it. It will be less trouble to just remove the suds and lay the soap in to replace it with clean paper.

Advice to Girls By Annie Laurie

DEAR ANNIE LAURIE:

I have been going to a boy for some time. Last week he went to my uncle's house to spend the evening. He was coming out very late.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

He was coming out very late and I was waiting for him. He was coming out very late and I was waiting for him.

Some Helpful Hints For Busy Housewives

When a person does something that deserves praise—let him have it. Let him not be untrue to his friends and his own self-interest.

If praise were merely and generally distributed that might be true, but, in reality, there's altogether too little praise in circulation nowadays.

The people who are praised know well enough whether or not it is justified and know, if it is, that they are praised.

Only a superficial mind is able to see from flattery, and a sensible mind knows its insincerity and its harm.

If the praise is justified and earned, it is received and recognized; otherwise it is a mere—*and so truth ever do all our day's harm!*

When praise is undesired, it is a new page of life. It makes us more content, happy, hopeful. It brightens our eyes, leads up the spirit, makes our feet more steady.

The sun never shines so brightly as after praise. It gives praise as an antidote for the least. Observe how quickly it dispels the cloud.

If we are as eager and willing to praise as we are to receive and be praised, we are to be content and the world would be a happier place to live in.

Deserved praise should never be withheld.

If an employee does a fine piece of work, praise him!

If anyone performs a commendable act, praise him!

If a wife performs her duties capably well, don't take it for granted, but praise her!

And praise your children, too, when they deserve it.

Let them know you are interested and that you can be pleased.

Remember and stimulate with praise wherever and whenever you can! Often people have an idea that this is a meaningless and pernicious thing to do.

SCENE OF GAY ENTERTAINING

At Berlin Embassy of Late;
London's Beau Monde

London's "Beau Monde" world has been very active of late, and several important military parties have taken place.

The German ambassador and his wife could hardly be expected to stay for long in London.

It is said for them to entertain London and the German ambassador's party on the 15th.

It is said for them to entertain London and the German ambassador's party on the 15th.

R.H. Fish Gave Splendid Address On Workings of Canadian National --- Rink Meeting Tonight

MASONS TOLD OF PROGRESS MADE BY CANADA'S NATIONAL SYSTEM

Gen. Superintendent Notes
Striking Increase In Rail-
way Revenue
TRIBUTES PAID

"Dan" MacMillan's Successor
G. A. Stokes, Introduced To Galt House

A second evening turned out last night at the R.H. Fish, General Superintendent of the South Coast Division of the Canadian National Railway, who was one of the largest gatherings of Masons that have been seen in Belleville for some time, and last night saw two Canadian National men speak the toast, O. A. Stokes, president of the local lodge, and a brief address expressing his pleasure at being introduced to the subject and Mr. Fish, who presented the toast, and he had a very interesting and interesting evening.

The toast to the visitors was given by W. H. Smith, Jr., and was followed by W. B. Higgins and Major Duff. The evening, Mr. Fish, W. B. Higgins and Major Duff, who were introduced by Mr. Fish, and the toast to the visitors was given by W. H. Smith, Jr., and was followed by W. B. Higgins and Major Duff.

Mr. Fish, General Superintendent of the South Coast Division of the railway, was the principal guest, but he was unable to attend.

He has saved every point of view he mingled the useful with the agreeable HORACE.**OLD AGE PENSIONS PROMISED NEXT YEAR**

Premier Ferguson has confirmed the report that an old-age pension bill will be brought in at the next session of the Ontario legislature. Mr. J. A. Macdonald, director of municipal affairs, will carry out a careful survey, with a view to discovering just how many people will be eligible for the pension and what the approximate cost to the province will be. This preliminary investigation is not undertaken with any idea of postponing the introduction of the bill, the sole purpose being to ensure the successful operation of the scheme when introduced.

The premier has made no secret of the fact that he does not consider the federal government took the best possible line in treating the provinces the responsibility of adopting or rejecting an offer to share the cost on a fifty-fifty basis. He thinks, and the majority of people will agree with him, that the reform should be double-wide with the cost borne by the country as a whole. Of frequent occasions, from his previous remarks, he expressed his sympathy with the principle of old-age pensions, and he has agreed, in default of a more equitable and effective scheme, to accept the terms laid down by Ottawa and to fall in line with those western provinces which have already accepted such legislation for the benefit of their aged citizens.

The premier's announcement will be received with genuine satisfaction, Ontario, it is said, has more people entitled to receive the pension than any other province. It has about twice as many as the western provinces, which have adopted the legislation, and the annual bill will, as a consequence, be very much heavier than theirs. However, there will be no increase in the cost, estimated to amount to between two and five million dollars annually, provided an efficient scheme is evolved. Ontario recognizes its obligations in this respect and has no intention of avoiding it. The citizens who have reached the age of seventy years, and has been unable to provide for his or her old age, is entitled to look to state assistance.

Long before the age of seventy is reached, in many cases, workers find themselves unable to get employment and find, instead, however, they may be able to take it and however able to pay, it is in the beginning increasingly difficult for those past middle-age to earn a living, and in the event of illness, is entitled to look to state assistance.

A SONG OF HOPE
Over the hills of Death and Throat,
Christ leads us to the portal.
Where shines the light of Truth and Love,
Across the plains immortal.
He fills us with a love so deep,
His human power can alter;
And with the healing touch of Christ,
No weary soul need falter.Though dark the night and full of gloom,
Across life's troubled river,
The darkest night, it passed to day,
With light that ledgely never
When earth at last shall ring its
Earth,
And from this world we sever
Our souls supreme over mortal life,
Shall reign with Christ for ever.
—Hosod Boyd.**CARNIVAL STATIONERY**Sampling from

High Quality**98c**
McKeown'sbeing a dependent family, this means
disorder in the household. Even for
those more fortunate, who are able to
secure and retain position, it is not too
easy to make suitable provision for
the future. In view of these facts
old-age pensions are an essential
obligation of modern society. No serious
opposition to the proposal is likely to
arise when it comes up for the vote.
Adoration of the house at the next
session; it should be made law as quickly
as practicable, for the sake of those
coming within the scope of its bene-
fits.**OTHER NEWS THOUGHTS**The history of the hemp above that
the first specimens had but one thing

such spectacular acceptance of any car as that
which every where greets the new Essex
Super-Six. It is outselling all other "sixes",
and its own previous records, by such out-
standing margins as to leave no doubt of its
leadership.In some places its sales exceed its former mark
by 100%, 200% and even 300%. In Detroit, for
instance, where automobile values are under-
stood better than anywhere in the world,
Essex sales have been greater than the next
three "Sixes" combined.Such success can only result from an accurate and
unmistakable public appreciation that Essex
is the World's Greatest Value—Altogether of

First Quarter's Business Is
Greatest In Company
History

Summarized with the announce-
ment that Willis Overland's business
during the first quarter of 1928 was
the greatest since the company's
beginning, W. A. Russell, presi-
dent, has announced a big reduction
in the prices of the Willis Overland
cars and trucks.

When there are 45 cars and trucks
viewed, Willis-Karl's line.

At the new prices the Willis-Karl's
line of cars will sell at \$12,950, \$14,950,
\$16,950, a reduction of \$400 to \$500
per car. The Willis-Karl's line of
trucks will sell at \$1,950, \$2,450, \$2,950,
a reduction of \$100 to \$150 per truck.

According to Mr. Russell, the Willis-Karl's
line of cars and trucks is the most
popular in the market, and the Willis-Karl's
line of cars and trucks is the most
popular in the market.

In announcing the reduced prices
of the Willis-Karl's line of cars and
trucks, Mr. Russell stated that the
Willis-Karl's line of cars and trucks
is the most popular in the market.

At the new prices, the Willis-Karl's
line of cars and trucks is the most
popular in the market.

At the new prices, the Willis-Karl's
line of cars and trucks is the most

**OPTOMETRIST OF
TODAY EASILY
CORRECTS EYES**

Scientific Instruments Are
Now Big Aid In
Diagnosis

That a wise oculist today brings
leading eye to avoid any thought of
Loving the eyes examined. These
new eyes that come to him perfect
vision may be devised from lines
energy from the rest of the body in
order to maintain that "perfect" vision,
then some eyes with poor vision.

On account of the importance of
correct vision in our daily lives, nature
has provided a means of correcting
any defect of the ocular system, and
does this so successfully in many cases
that it is only after a most careful
and painstaking examination that the op-
tometrist discovers the real cause of
the trouble. Nature in the process of
correcting from other parts of the body
leaves those parts weak and, in doing
this, the body is left in a condition
noted in the parts thus drawn upon,
rather than the eyes.

With the aid now afforded by scientific
instruments, it is possible for the
optometrist to diagnose weakness of
the eyes, in most instances, in correct
and in a most efficient manner. The
optometrist, by using scientific in-
struments, can detect weakness of the
eyes, such as near-sightedness, far-
sightedness, crossed-eyes, unequal vision,
lazy eyes, etc., and correct them.

Dr. H. E. Edwards, expert optometrist,
228 Front Street, makes a thorough
examination of your eyes, to detect
and advise the correction of any possi-
ble trouble.

**National Warm Air Heating
Group Investigates
Problem**

How to make one lump of coal give
the same warmth that two used to
deliver has recently been the subject
of scientific investigation by heating
engineers interested in better home
heating. Much of this investigation
has been done at the University
of Illinois in a house built especially
for home heating research by the
National Warm Air Heating and Ventilating
Association.

According to the experts there, too
much warmth in the average home
comes up from the furnace and not enough
into the air that is delivered into the
house. This comes from faulty installa-
tion of the heating system, but men
agreed on one point—the more heat
men who have been coming to the
house, for warmth of the furnace
may be lost up the flue. Now should
it be necessary to keep the house
with full draft except in the most severe
weather.

It is this necessity that is a fairly
accurate indication that something is
wrong. The chimney may be clogged
with soot, the smoke pipe may need
cleaning, there may be cracks in the
firebox or the furnace may be too
small for the area it is supposed to
heat. Any of these troubles can be
prevented by the fact that the furnace
is operated in normal weather on a
slight draft that will insure maximum
warmth going up into the room and
maximum heat up the chimney.

Lead Thine own way, and I will follow thee.

Shakespeare.

Prize will win, remember not past years!

Shakespeare.

I was not then, now, nor prayed that I should be so.

Shakespeare.

I loved to know and see my path; I loved to know and see my path; I loved to know and see my path.

Shakespeare.

Lead Thine own way, and I will follow thee.

Shakespeare.

Poems Old And New

PREFACES

By Robert G. Fink.

At some one thing the Romance of Industry?

I have worked in industry.

And I have felt the grand and silent

on my eyes, and the snows under-

foot.

And I have known of breathless sum-

mer nights, like tired to think, too

to sleep.

And the slush and mist, gray clouds

and rain, and sun, and sun, and sun,

and giving its days a week of the

year.

Let others chant the Nobility of Labor

For I have attended to it, and it is

worth the price.

In blundered hands and aching eyes

and weary limbs.

In variation that could bring me God,

and everyone that could bring me God,

and love.

I had rather tramp all day, talking

to you.

With rain for a companion, patting

the rain, and the rain, and the rain,

fragments of broken music, and

and the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

And the wind for a foe, to say I

thick, say on my feet.

REMINIS

By Harold Miles.

Somebody is whispering on the stair.

What are those words half spoken

half down back?

What are those muffled words, some

one black?

"Who is whispering? Who is there?"

Somebody is whispering on the stair.

What are those muffled words, some

one black?

"Who is whispering? Who is there?"

Somebody is whispering on the stair.

What are those muffled words, some

SEVERAL BODIES
FOUND IN WRECKTragic Spot In Nova Scotia
Claims Lives of Many
Men

Bydron, N.S., May 4.—The bodies of a young man, the tailored hull of a ship's deck fittings, bulwarks and the mainmast, but had been continuously on the edge-bound coast of Beanie Island, off the easternmost tip of Cape Breton Island, were all that yesterday's searchers found on the site of the Dutch brigantine Callisto and her crew.

The Callisto, with an unknown number of men in her crew, appeared to have been trying to make Lunenburg harbor for having passed Annapolis from Nova Scotia to the Bay of Fundy light during a dense fog and rainstorm.

Crew of 28
It is believed that the steamer, which according to available shipping records, was of 2800 tons, would have carried a crew of about 28 men. Latest reports from the searchers are that the Callisto was from Algiers to Cuba March 21.

One brief wireless message according to the S.O. and stating that the Callisto was seen on Beanie Island, south side, was picked up early Sunday morning.

As no further sound was heard from the Callisto's wireless, and in view of the body found scattered throughout the wreck, it was believed that the steamer broke up almost immediately after striking.

Tragic Spot
The spot where the Callisto foundered has been the scene of many other tragedies, notably in recent years the steamers Alpha, Prince and Blue Horn, with great loss of life.

Those on shore neither saw nor heard the Callisto. They did not know that the steamer had crashed on the hidden spot Sunday, when the news was conveyed and the search given to the life station to watch for the wreck.

It is believed that the Callisto was on her way to the west coast, where she was carrying a cargo of lumber and other goods. The wreck was discovered by a fisherman who was out on the coast.

Reports from Newfoundland and other points in the vicinity of Beanie Island, where the wreck occurred, have been received. The bodies of several men were found, but the rest of the crew is still missing.

Tramp—Machine No. 1, we are always told, is the best. It was your own idea to put it in a thing like this.

Preserve
that
Schoolboy
Appetite
with

H.P. SAUCE

Place H.P. on the table every meal time—let the family help themselves. H.P. encourages that healthy, hearty appetite which is the foundation of good digestion.

PAID FOR PAPER
WITH LOAD WOOD

Following is a reprint of an article which appeared in the Intelligence in 1899. It will not do to interest many readers.

"All Wallbridge, Ont. of America, from county of Prince Edward, and on a visit today and relate the latter fellow that he had been a contributor to the Intelligence since its first issue, over 27 years ago, and a constant reader of it ever since.

The fellow, now the daily, every night before retiring. He stated further that he had been the late Dr. Benjamin Fox, issued the first number of the Intelligence, in 1891. He met him on the street, and told him he wanted his paper as a memento, as he had published a paper, if he could secure seven years' name, and Wallbridge gave him the name, and paid for the first year's subscription with a load of wood. Since then the paper has flourished, and the old subscriber enjoys good health, though his hearing is somewhat impaired. He will continue his good reading, if spared, on the street."

NEW
CREATIONS
by
ARTIST-ENGINEERS

THIS new Oldsmobile is motorhead's good news for 1928. It reveals new and sophisticated elements of style. It embodies new engineering features. It provides new niceties of adjustment and equipment. It typifies the whole new spirit of the times—because it reflects the master touch of artist-engineers.

On every hand, this fine car of low price is exciting admiration. And though you may have formed the highest opinion of its beauty, it is through you may have heard the highest praise of its performance—we urge you to come in for a personal inspection.

We want you to experience the silent, smooth performance of the new 35 hp. high compression engine. We want you to revel in the comfort of spacious new Fisher bodies and in the luxury of easy driving and restful riding. You will be surprised by its many factors of driving satisfaction in a car that costs so little to own.

General Motors' new deferred payment plan offers you the simplest and most convenient way of buying your Oldsmobile on time.

RECEIVE REPORT
GUELPH MEETINGSt. Andrew's Ladies Met
Wednesday In Church
Parlors

The regular meeting of St. Andrew's Auxiliary took place in the S.B. room Wednesday afternoon, May 2nd. Owing to the illness of Mrs. Alex Morrison, Mrs. A. Moore, his representative, occupied the chair.

The devotional exercises were chosen from some of those used at Guelph at the Provincial meeting held April 20th, 21st and 22nd. After the business of the meeting was conducted the chairman called upon Mrs. Edgar Hubbert and Mrs. Geo. A. Reid for reports. Mrs. Hubbert gave a full and comprehensive report of work during a very successful year, giving many interesting instances of work done and increased income in membership in every department, all reports showing enthusiasm and zeal for the work.

The delegation was very large, 42 being accredited and all meetings showing interest. St. Andrew's Church to the almost and conference between meetings also well attended.

The special speakers were the veteran and retired missionary, Dr. Margaret O'Hara, Miss MacArthur, who just returned from visiting the missionary work in India, Mrs. D. Strahan who visited the Bible in Manitoba, James and Florence, and Miss Winifred Ferguson, superintendent of the Presbyterian Missionary and Educational Training Home, Toronto, and Dr. Reid.

The election of officers showed few changes. Mrs. Hubbert being again President and after having and accepting letters to Hamilton for next year the 16th annual meeting of the Ontario Provincial Society W.M.B. of the Presbyterian Church in Canada came to a close with God bless the King.

A hearty vote of thanks was tendered the delegates for their reports and the meeting closed with the Lord's Prayer in unison.

Not an
inch have they
gained on

NEW performance values came into existence when the first Chrysler was created four years ago. . . . The industry since has gone over on man's to the effort to pattern after them. But the remarkable thing is that Chrysler "72" is just as much today as when it was the one and only performer of its type. (Alone in a theoretical sense only.) Emphatically, no. Alone in an actual sense—the performance sense which singles it out and sets it apart in comparison of the street and road and hill as much as its brilliant beauty sets it apart in the eye of the onlooker.

These things could not be said if they were not true—and especially if the truth were not quickly provable. (Chrysler "72" actually begs for tests and comparison—it is eager to be checked not only on city streets, but on all phases of performance, with its most ambitious emulators. . . . It has not yielded a fraction of an inch of its leadership of four years ago—but has actually widened the gap and lengthened the distance. (Chrysler "72" is indeed illustrious because it is beyond doubt the one great engineering performance, and beauty value in the market today.

J. WALTER EVANS CO.
ENGINEERS & SURVEYORS

This block contains a horizontal strip of several comic book panels from Detective Comics #67. The panels are arranged side-by-side. From left to right, they show: 1) A panel with the name "TILLIE" at the top and a character looking down. 2) A dark, shadowy scene with a figure. 3) A close-up of a character's face. 4) A character standing in a doorway or hallway. 5) A character sitting at a desk or table. 6) A character in a car. On the far right edge, there is a small box containing the text "Bellevue, Cal."

TO-DAY'S THOUGHT

We have not read our altar till
we have seen his object, after which
it may be to be as well.

CARLIE.

ALL SATISFIED

It is interesting to note the result
of the press conference on the verdict
rendered by the jury in the famous
Curran trial action. In practically
every case, and with the exception of
the province have had comments, there
is general satisfaction with the result.
There is a feeling that it will be the
air should be cleared, that the result
of the trial was what the jury
desires of those who gave their
verdict, and were wounded in the closing
days of the trial in carrying out
their duty, and not clearly for the dis-
tinction of a few of the highest
mailed. In every comment which has
been made, this has been the outstanding
feature, and there is a general
expression of opinion in favor of letting
the matter die down, with General
Curran's vindication almost at hand in
the records of history.

It has been noteworthy, too, that
the newspapers of Canada, including
those of the east and west, have been
before the courts. From day to day
incidents occurred which might well
have caused considerable comment,
but the niceties of the law and the
ethics of the newspaper profession
were rightly observed. Of course, any
newspaper which commented on the case
while it was being tried would run the
risk of a condemnation for contempt of
court, but even that would not have
been sufficient to bar press comment
had the trial been taking place in the
United States, where there are entire
different standards.

WANTED TO GO HOME

Mrs. Rebecca Gates, aged 71, is
at her home in Westbrook, near
Kingston.

Just recently she was on a visit to her
daughter in Waterville, N.Y., and it
was while there that she took ill.
One would imagine that a mother
would be free of good treatment, and
that she would not have to suffer
from the difficulties to her present com-
plaint had the trial been taking place in
the United States, where there are entire
different standards.

Mrs. Gates had one great desire
to get to her home in Westbrook, near
Kingston.

Do an ambulance was secured, and
the aged patient made as comfortable
as possible for the long trip of 115 miles.

The last report was that she was
very ill when she reached her home
in Westbrook, near Kingston.

But we imagine there was a great
desire satisfied when she found that
she was in her home again, in her own
room, in her own bed.

There is something about her that
brings down the tears of Mrs. Gates to be home
that can't be explained away by the
promise of ordinary reasoning. One
may say it is much the same as an-
other; there might be no difference at
all in the treatment and attention
received in each place.

Yet one place is home, and the other
is not, and no amount of reasoning can
alter that conclusion.

Perhaps it seems to make any difference
whether it's a small boy away from home
for the first time, or a full-grown
man, or a woman who has been the
fourth wife of a man who has been
troubled, or just that peculiar thing
of home-coming, to a serious ailment.

The answer is always the same, "I
want to go home."

Men who are planning about erecting
great hotels, or launching and erecting
clubs on lavish scale may say they
are in the spotlight to a great ex-

tent; people's ideas and habits may
seem to be bending in their direction.
Yet, in thousands of opportunity op-
portunities all over the land the wife
and mother is performing her duties
in such a way as it is really build-
ing the one place where people can
count for real anchorage when the
storm hits them—and that place is
home.

ALIEN HONORS

Announcement was made a day or
two ago that the Hon. T. B. Butler, one
of the justices of the supreme court of
the province had been honored by the
Legion of Honor. He was made a
chevalier of the Legion of Honor, and
is now entitled to be known as "Chevalier
de la France equivalent of the British
title."

Obviously these foreign titles and de-
corations are welcomed by the members
of the house of commons at Ottawa.
At least got a whisper of protest has
been heard against them. No doubt
our French friends in Quebec regard
them with high favor, and would be
up in arms against any suggestion that
they be banned. A proposal that any
French-Canadian member be deprived
of the privilege of wearing the em-
blem coming from the belle France
of his race, would be enough to pro-
voke a plume of feathers.

For years ago, and yet these same
French members have not yet been
in favor of the restriction which might
be imposed by the house of commons.
It is not clear for the distinction of
a few of the highest mailed.

Canada's population is largely com-
posed of Irish. Some of them are con-
sidered by the house of commons as
Irish and the others mostly mem-
bers. Toronto Telegram.

A famous firm of caterers is encourag-
ing its waitresses to play tennis. The
company's last service, presumably
The Pleading House.

Some folks should adopt a little
sense for the other reason than this
is to provide the dog with something to
play with. (See Malone Register).

THE PASSING YEARS

From the perspective of this
day the years are passing.

A brokenhearted man, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

He was found dead, of this
city, has been found dead.

THE BULLETIN BOARD**Mainly About People You Know**

TARDY DO OFFICERS
Owners of dogs who have not yet purchased the necessary tags are advised to procure same at once. The police will check the market and any owners of runners who have failed to comply with the law will be summoned into court.

SMOKERS IN MAY
Smokers will be held every Friday evening at the Bellevue Hotel, to be held the month of May. It has been arranged. These smokers have attracted great popularity at the hotel. Club and every week one or more smokers bring large sums in. Each member is entitled to buy food and drink and is invited to spend in the smoking room.

HE WAS NOT TEMPERED
It does not say in the last month's report, and John S. Miller will testify to the truth of this statement. John was fighting a case in Tennessee, where he was remembered by one William Peck, an elderly man, "John was not" and immediately started hostile. Mr. Miller was hauled into court, lost his temper and charged with assault. The judge immediately dismissed O'Rourke fined him \$200 and costs. John is still in jail, and it is said that he will not be released for two months. The necessary jail for the County of Hastings.

OVERHAULING BOATS
The first, it is likely that, the first of Lady Shirley, deputy owners at the County Club are overhauling the boats at present in preparation for a summer's racing. There will be, it is expected, at least three or four new craft entered at the Club this season. The new summer association committee has been provided for the best interests. The Intelligencer Club, organized by this publication, will be completed for this summer, and every effort will be made with all probability to displace. The club is rapidly becoming an interestingly-entertaining.

TO TRY CASE
George Anthony B. G. Donnan will bring for Bakersfield tomorrow morning will show presence in the "Bakersfield" case. Since it will be remembered, was arranged on a charge of having written into and out of the Bakersfield case. The Bakersfield case will be held.

You'll be Delighted With These Values in

MUSIC PROGRAM CLOSES SEASON

Splendid Time Spent At Front Road Community Club

The Community Club of the Front Road held a successful concert Tuesday evening, this being the last of the third year of its history. As a place has been recently purchased by the church of this organization, the club program is now on society the musical character. The Bauer's Orchestra of Polish Ancestry very generous, many had the selections and Mrs. Singer, Mrs. Bold and Miss Miss of Baltimore gave excellent interpretations of vocal and instrumental music. The president of the club, Mr. W. D. Field and Master Mayfield were assisted and Mrs. M. G. Murphy, pastor of the church contributed some reasonable values and some appreciative cooperation for the success of the program.

Mr. Jas. Hill, M.P.P., acted as Chairman in his usual cordial and best everything moving happily in the time of the National Anthem.

The ladies of the Community are much and order to those who please to receive in the near future.

The workers of the community are planning to provide a social hour for their meetings in the near future.

Mr. J. W. Mitchell, of Leaside, Pa., died from heart attack while driving his car.

Passenger car for air travel between Chicago and Kansas City have been ordered from 11 to 12 miles a hour.

HAVE YOUR FURS STORED FREE

Modern is introducing a new and up-to-date method of Fur Cleaning—a process perfected by the National Association of Cleaners and Dyers and endorsed by the Furriers Association. But are you aware of the fur, linen and interfacing garments are thoroughly and perfectly cleaned. To introduce this to the public, we have Free Fur Coat Storage to everyone sending a fur garment to our plant for cleaning. After being cleaned, your coat will be cleaned and insured against moths, fire and theft. Send it in today!

Pure, Clear, Solid Ice

**PLAYS AN
IMPORTANT PART
IN YOUR HOME**

Why Take a Chance on Any Other?

GRAHAM'S ICE IS:

PURE

—Because it is made from absolutely pure water, and therefore free from disease-bearing germs; you may safely use Graham's ice in your drinking water; it is clean too—no dirt bearing and pipe clogging sawdust; you get just what you pay for—pure, clean ice.

SAFE

—Because it is pure—and this cannot be said of any other ice; choice of Graham's ice may save you hundreds of dollars in doctor's bills; why not have SAFE ice when it is just as easily secured?

SOLID

—It is an actual fact that Graham's ice is harder, more solid than other ice, therefore lasts longer, providing more effective refrigeration. Isn't this the kind you want?

CHEAPER

—Yes! Graham's, with all its advantages, is actually cheaper than other ice, because it is harder and lasts longer. No danger of a shortage either, for our ice is made as it is needed, assuring an ample supply always.

Just try Graham's ice and prove our statements, as have our increasing lists of satisfied customers.

**PHONE
374**
and have your name put on our lists for
immediate and regular delivery.

BABE HITS 7TH CIRCUIT DRIVE

Bambino Blasts One of Hudson's Sluts To Win Ball Game

New York, May 10.—Wag of a difference just one Ruth makes. Babe made the difference between a useless ball player and a winner on the field for the Yankees yesterday. When the ballplayer, Babe, stepped to the plate with two on in the sixth, the Yankees were a beaten team, having been left for seven weeks of "chump" hitting, the Indians' right-hand man.

With the ball stopped away from the plate again the Yankees were triumphant. In the flickering of a minute the flash of a bat, the splash and the flash of a ball, the Yankees had completely changed the complexion of the game. With two men on the base, he had hoped the seventh home run of the season help the seven left-handed bats, halfway up the lower tier, and follow of Combs and Koenig over the plate.

With the winning run. The Yankees made another later on, but they would have lost without Babe's timely bat. The score was 4 to 3. For six innings Mr. Hudson was the ruler of the base in front of the Yankee dugout, but with Babe on the base, he was a slacker. Babe's hit was a single, scoring home runner and putting the Yankees in a position to win. Babe's hit was a single, scoring home runner and putting the Yankees in a position to win. Babe's hit was a single, scoring home runner and putting the Yankees in a position to win.

The Babe's home run not only won the game for the Yankees, but it put him four games ahead of his 1927 pace. Last season he hit his seventh home run on the same date, May 10, but it was the Yankees' twenty-fifth game.

HAGEN IN LEAD

Stonewall, N.Y., May 11.—Turning in scores of 72 for morning round today, Walter Hagen had one of his best four games ahead of his 1927 pace. Last season he hit his seventh home run on the same date, May 10, but it was the Yankees' twenty-fifth game.

The Jews in the British Royal Crown are worth well over £100,000.

SportOgrams "The Observer"

The City is likely to lose a prominent athlete with the departure of Cecil Post from the near future. Post is a smart ball player and will be missed by the Yankees. He played for the Yankees, later graduated to the American League. He played for the Yankees, later graduated to the American League. He played for the Yankees, later graduated to the American League.

Have you got your entry for the next meeting will be held on Wednesday night of next week.

The Kiwanis will supply the trophies and it is now up to the boys to get their entries in.

A week from Saturday the King's Prize will be run at the Woodbine track and several last night.

Probably fifteen horses will start in the big two and with little history of the Ontario jockey club.

The attendance at the soccer game has been increasing and with the first exhibition scheduled for next week a greater number than ever will be out.

TO-DAY'S THOUGHT

Woe! there is no mortal affliction
 more to me than money, but the loss
 of money, which is the root of all
 evil. It is the relation between
 wealth and the mind and the character
 of the person which is the
 essential thing.

HILLARD.

BRING OUT BRITISH
BORN TO THE WEST

But another voice has been raised
 against the menace to Canada of
 contemplating a discriminatory
 immigration of continental European.
 Now, George Langley's warning to
 the house of common committee yesterday
 was especially emphatic. "It is
 himself an English immigrant, and is
 conversant from practical experience
 that the British settler is just as efficient
 and hard-working as the foreigner,
 and that there is nothing to prevent
 the entry of large numbers of desirable
 British people but the wrong methods
 which prevail of selecting them and
 arranging for their settlement. Mr. Lang-
 ley has just returned from a visit to
 the Old Country, where he made per-
 sonal acquaintance with satisfied men
 that certain conditions existed which
 could not be remedied. "We
 are building a British nation in Can-
 ada," he said, "and, if not, ought to
 be. Every one must agree that this
 and it is to be hoped that the strong
 testimony which has been given by this
 witness and others examined by the
 committee, will be the growth of the
 foreign element in the west, will not be
 divergent.

RADIOS THIRTY FIRST
BIRTHDAY TOMORROW

The thirtieth day of May will be
 the thirty-first birthday anniversary of
 radio. On that day in 1897 a rich
 young Italian, Guglielmo Marconi, sent
 his first message across the English
 Channel in England, demonstrating
 that the mysterious electric impulse
 which he and his predecessor, Professor
 Hertz, had partly realized, was not only
 scientific fact, but could be used for
 practical communication across bodies
 of water separated by neither
 land nor sea. It was not until
 months later that ship-to-ship com-
 munication was a practical success.
 Radio, most instrumental of all modern
 marvels, was in full career.

This historic event thirty-one years
 ago was not, of course, the very first
 of its kind. Back in 1825, a French
 doctor of the 17th century discovered
 that a metallic arc, composed
 of two metals when placed in contact
 with the nerve and muscle of a frog
 caused the muscles to contract. From
 this radio signal, for early in the 19th
 century the famous French physicist,
 Dr. Jean Baptiste Biot, and Galvani's
 discovery as the basis of what was
 not recognized as the first recorded
 experiment. His broadcasting sta-
 tion was no electric fan. It was
 merely a small electric machine like
 those which were discovered of
 physicians. His receiver was no in-
 struments, a assemblage of tubes and coils. It
 was, instead, nothing more mysterious
 than a pair of frog's legs. He discovered
 that the leg of a frog jumps auto-
 matically when energized by an electric
 current and that when his machine pro-
 duced electric sparks the leg, suspended
 at the opposite side of the room,
 jumped. His writings do not discuss
 whether he was in his laboratory or
 near a source of communication.

After Biot came Hertz, Hertz and
 Poynting and Sir Oliver Lodge and Hertz
 and a score of others. All before Mar-

coni. But it was the young Italian
 who made the thing work.

INCOME TAX WILL
APPLY TO FARMERS

A despatch from Ottawa states that
 the income tax regulations are to be
 extended so as to place the farmer on
 the same basis as the manufacturer.

The new regulations are described as
 follows:
 "Whereas in the past the farmer has
 paid upon a cash income basis, he
 is to be allowed to pay on an in-
 come basis in the future. This means
 that instead of having to pay on
 whatever may be his cash receipts
 for his product, the farmer may
 take an inventory at the begin-
 ning of the year, and another at
 the beginning of the next, and sub-
 tract the value of the increase in the
 income which has accrued or ac-
 crued. He may then take this in-
 crease into computing his tax. The
 new method is expected to prove
 of advantage to the type of large
 scale farming which is carried on
 in the west.

The new act will have its ad-
 vantage. For instance, it will do away
 with the worry which some men have
 had in the past in deciding whether
 they were farmers or manufacturers.
 Many manufacturers, after having
 made some money in that line of busi-
 ness, buy farms and live on them, and
 thus become farmers. But even then
 their status is not quite definite, for
 men in the farming communities
 do not look on them as manufacturers,
 while their former manufacturing col-
 leagues are always ready to call them
 farmers. But now, as far as income
 tax is concerned, it will not matter a
 great deal what title they choose to
 adopt. Under the old plan, if they
 made money on the farm and lost it in
 the factory, it would be a fine thing
 to file an income tax return as a man-
 ufacturer; on the other hand, if money
 were lost on the farm and a profit
 made in the factory, then it would
 be financially to file a return on the
 basis of being a farmer. This system,
 however, is gone now, and it will not
 matter much whether the man claims
 to be a manufacturer or a farmer, for
 he will pay on just the same basis in
 either case.

OTHER MEN'S
THOUGHTS

It has been said that a sense of hu-
 mor is a saving grace; but no two peo-
 ple seem to have the same sense of hu-
 mor. Perhaps the best is that which
 enables one to see enough of the funny
 side of the misfortune of his fellow
 men. Some of us are, to laugh his way
 through difficulties and to perceive the
 laughable side of the thing when fate
 drives him through the latter part of
 his life.

Ontario's welcome Alberta, but
 the householder will have to make cer-
 tain that life is good and as econom-
 ic as American oil. Ontario people
 are not used to the idea of a man
 thirty to thirty-five farmers and dispo-
 sition for the sale of buying Canadian oil.
 The new breed of landlords should
 not forget that a superior quality is
 furnished the province. Upon this
 point will largely depend the perman-
 ent results of the experiment.—London
 Free Press.

HAVE YOU HEARD
THESE?

For hours they had been together on
 her front porch. The moon cast its
 light on the water, on the young and
 handsome couple who sat strangely close.

CONTENTMENT

What little things are you doing,
 A cottage wife, a path to weed,
 A net of fishing worms,
 And she knows him to tend and feed;

And new-born babes on crooked legs,
 Blue chrushers, old water mills,
 And frothy milk in tumbling rills,
 And chrushers, and dispoiled hills,
 A corner in the single room,
 A poetry book beside the fire,
 C. E. Larson, In The Observer
 (London).

He eloped. She eloped. Then
 he: "I wish I had money," he said
 "I wish I had money," he said
 "I wish I had money," he said

Impulsively, she slipped her hand in
 his; then, rising swiftly, sped into
 the house.

Again, he looked at his hand, in his
 palm lay seven hundred.

A clerical servant was, Bishop
 Stubbs, of Oxford. On one occasion
 a church-woman complained to him
 that the curate of his church was a
 good deal of a snob. "What of it?"
 M.A., a degree he did not possess.
 "The man has a fine nose like my back,"
 he said, "and the curate church warden."

"Don't say that, Mr. Jones," replied the
 Bishop. "Day a false hood!"

A maiden, offering money and merit.
 Declared that the West was too bleak.
 "I'm an ardent young man,"

ALABAMA CARNET REMOVED
 From Alabama, May 12.—Owing to
 differences over the budget the Alabama
 cabinet has resigned. Albert
 J. Ross is president and Premier of the
 Republic of Alabama.

It is complained that in twelve mar-
 riage out of each 100 one of the couple
 has been married before.

THE PASSING YEARS
 From The Inquirer of the
 day 30 years ago

Mr. John Wilkins' little child was
 found wandering in the streets yester-
 day and was returned to its mother.

Mr. Zeger, a young man of Palestine
 will depart for the south with the Y.
 M.C.A. rooms tomorrow and all the
 young men are invited.

The steam barge "Iona" is in the
 harbor to load grain and the large
 "Merrill" is loading sugar for Cor-
 nwall.

The officers of King's College Presby-
 terian are to be in Kingston yesterday
 returned at 3:15 this morning. They
 have nothing but praise for the enthu-
 siasm accorded them by the mem-
 bers of Premier Presbytery. Those
 who went down were: Messrs. R. S.
 Laidlaw, W. L. Hamilton, Wm. Webster
 J. Fox, W. Laidlaw, Jas. Phillips, C.
 H. Vermilion, and Fred Blair.

James Laidlaw one of the most respect-
 ed citizens of London is dead. He
 was 78 years of age and has leaves a
 widow, two sons, and one daughter.

When taking a trip, it is well advised
to take a look at the car
before you start. It is a
fact that the car is the
most important part of the
trip. It is the car that
will take you to the
destination. It is the car
that will protect you from
the elements. It is the car
that will give you the
most comfortable ride.
It is the car that will
give you the most reliable
service. It is the car that
will give you the most
satisfying experience.
It is the car that will
give you the most
enjoyable trip.

CANADIAN MADE BUICK HAS PART IN GREAT BRITISH MOTOR TOUR

Traversing Almost Third
of The World's Circumference

Traversing almost a third of the world's circumference a British motor expedition is leaving its way out of London, with a Buick car in the lead. The expedition, which is led by Major MacCallum, will travel through Europe, Asia, and Australia, and will return to London in about a year. The expedition is the first of its kind, and is expected to be the most successful yet.

The leader of the party is Major MacCallum, who is a British motorist. He is the first of his kind, and is expected to be the most successful yet. The expedition is the first of its kind, and is expected to be the most successful yet.

The expedition is the first of its kind, and is expected to be the most successful yet. The expedition is the first of its kind, and is expected to be the most successful yet.

Believe Peak is Reached in Northern Ontario Floods -- Big Night in Cannifton School Section

SCENE OF DESOLATION IN WAKE OF NORTHERN ONTARIO FLOODS

Residents of Stricken Areas Gain Little Relief Over Week-End

HIGHEST IN 18 YEARS

Threat Advanced That Madened Waters Have Reached Peak

Port Huron Que., May 14.—(Reuter.)—The water level at Port Huron, Ontario, has risen to its highest point in 18 years, the highest point in the history of the province, and the surrounding districts have witnessed such a destruction of property on account of the flood waters as has not been seen since the days of the great flood of 1847.

Little Relief
Said Sir. Mac, May 14.—With the high water in the Muskoka River over the week-end, the flood has risen to its highest point in 18 years, the highest point in the history of the province, and the surrounding districts have witnessed such a destruction of property on account of the flood waters as has not been seen since the days of the great flood of 1847.

ASKS WHY BRITISH FLAG NOT DISPLAYED
New York, N.Y., May 14.—(Reuter.)—The British flag, which was hoisted at the outbreak of the war, was not displayed at the outbreak of the war, and the British flag was not displayed at the outbreak of the war.

NATIONALITY TROUBLE ADVANCE
Shanghai, May 14.—(Reuter.)—The Nationalist troops advanced on Shanghai, and the Nationalist troops advanced on Shanghai, and the Nationalist troops advanced on Shanghai.

PARLIAMENT LIKELY TO PRODUCE
Ottawa, Ont., May 14.—(Reuter.)—The House of Commons is expected to pass a bill for the protection of the Nationalist troops advanced on Shanghai.

CAR DAMAGED ON PIER HIGHWAY
A car, owned and driven by Mr. John H. H. H., was badly wrecked on the highway on Friday night, and the car was badly wrecked on the highway on Friday night.

SPRING'S REAL TOUCH SAW EXODUS TO OPEN SPACES
Yerkesburg brought out the winter exodus of the people, and the winter exodus of the people, and the winter exodus of the people.

GIVEN PROMOTION
Dr. E. Bonardelli, who has been promoted to the rank of Major, has been promoted to the rank of Major.

ROBINS HALTED LOSING STREAK

Drowned National Champions 8-5 In Wild Game

New York, May 14.—Brocklyn batters, by being struck at times by the Chicago team, against the champion Philadelphia 8-5 in a wild ball game, although allowing errors and going six bases on balls.

A bad throw by Dutchy gave the Phillies a run in the fourth and a bad throw by Griesel led to a three-run Brooklyn rally in the fifth. Jimmy Williams almost pulled the line in the seventh from the Phillies' mound to take the lead, but Chicago waded in the bottom half and the Red Sox went in for 1-0.

The Reds went into the first inning with the bases run by defeating Philadelphia 11-4 at Cincinnati, with New York leading Chicago.

The game was a hitting one, with the great Carls May with a single and two triples which, with the error of Griesel, led to the first run.

The field scored six runs after the two were out of the game in the fifth. The field scored six runs after the two were out of the game in the fifth.

Richie, however, never missed a throw.

ROYALS SUFFER LOSS OF SERIES

Newark Bears Tied Home Bacon From Montreal Last Night

In a work that left the tall-tall club of the International League per-sonally and effectively took away from the leaders of the series, the Montreal Royals were tied with the New York Yankees in the series.

At Montreal, the Royals were tied with the New York Yankees in the series. At Montreal, the Royals were tied with the New York Yankees in the series.

RIGHTS OF TRUSTEES TO ATTACH BANKRUPT'S SALARY DISCUSSED

MAN IS FOUND DEAD ON RAILWAY TRACKS
Hamilton, Ont., May 15.—The headless body of a man, believed to have been Martin McCreary, of Toronto, or Detroit, was found on the C.N.R. tracks at Hamilton this morning. A letter from Detroit to Toronto was found in his pockets and his personal effects were found on the train. His age is not known. An inquest has been opened.

RESTAURANT IS COMPLETE LOSS

Frame Building Owned by Harry Ketcheson Puts To Flames

Shortly before two o'clock this morning the restaurant belonging to Harry Ketcheson, located by the city of Hamilton at a pile of lumber, was burned to the ground. The building was of considerable size.

According to the intelligence today, the restaurant was a large building, and was used for the purpose of serving meals to the public. The building was owned by Harry Ketcheson, who was a well-known figure in the community. The fire was caused by a gas leak, and the cause is being investigated by the fire department.

BYELECTION DATE IS ANNOUNCED

Leeming Carr, Minister Without Portfolio, Resigns His Seat

Toronto, May 15.—Wednesday, June 6, is the date set for the bye-election for the Ontario seat of Hamilton. The date was announced by the Minister of the Interior, Mr. Leeming Carr, who is resigning his seat in the Ontario legislature.

A HAPPIER KITCHEN

—means a happier home, a happier wife and mother, a happier father, happier children. The reason is so simple—If Mother keeps fresh and cheerful, her mood will reflect itself on all the family.

An electric range is an investment in happiness as well as in good health. It assures properly cooked food as well as shorter, more pleasant working hours for Mother.

You'll electrify your kitchen sooner or later.

Friday Is Bargain Day!

Simple Arithmetic

Simple arithmetic will solve the problem of why "cash prices" should be lower.

\$1.00 paid in cash today for merchandise goes out for other merchandise tomorrow, on which another profit will be made.

\$1.00 to be paid in 10 months can't be put to work until the 10 months is up and the money paid in. The purchasing power of this "10 months" dollar then is less than that of the cash dollar.

C.D.S. goods are all marked on the "cash price" basis. They can be, should be and are better values.

Artificial Silk Overdrapery—36in

Free quality of art silk drapery material with luxurious finish. Made with small self-pattern in two-tone effect. Colors of gold, blue and rose, and extra special for Friday, at

SINICAL SADIE SEES

Those who enjoy reading their predictions are now on pleasure bent.

Cardinal Smith is bewailing imminent calamities and says "they never appear which is adopted takes away a little bit of clothing."

From King George to my pleasure to do not mind all such things of a harem's tale. It reminds me of a woman with locked hair.

Small girl of seven, married by her grandfather, and married to a politician, her ad. "But, General, I never appear which is adopted takes away a little bit of clothing."

And "But, Father when asked if her divorced husband had made any payments to her, said: "Yes a car, but the husband was never smart enough to sign a check for me."

"Such persons may properly be raised to a high thinking of the world to love with there just because she is never appear which is adopted takes away a little bit of clothing."

And "But, Father when asked if her divorced husband had made any payments to her, said: "Yes a car, but the husband was never smart enough to sign a check for me."

NEIGHBORS

By Donna Rutledge Norval.

Two neighbors stopped
To have a chat—
A speckled hen
And a Maltese cat.

She said, "You are
A funny thing,
And really ought
To give a wing."

She blushed and glistened
Both her eyes,
Her turned, and looked
Extremely wise.

And said, "Dear fowl,
You ally talk
Remorseful mind.
A crumpled tail."

"Today, a feather"
And soon far
Aimed to where
Those neighbors were.

THE OUTLAW OF THE AIR

Thrilling Drama With the King of the Skies.

By Oliver O. Platt, F.R.S.

A few days ago it was stated that an airplane had attacked a cold near Alton, Scotland, and was only driven off after a long chase. It was only after a long chase that it crashed into the sea, killing the pilot. Another pilot stated on his return from a London to Chicago trip that during the journey an eagle became so nervous that the pilot was forced to descend himself with a revolver.

But aeroplanes pilots flying in Southey, England have recently had thrilling encounters with these birds. One Greek aeroplane was so badly damaged that it crashed into the sea, killing the pilot. Another pilot stated on his return from a London to Chicago trip that during the journey an eagle became so nervous that the pilot was forced to descend himself with a revolver.

But aeroplanes pilots flying in Southey, England have recently had thrilling encounters with these birds. One Greek aeroplane was so badly damaged that it crashed into the sea, killing the pilot. Another pilot stated on his return from a London to Chicago trip that during the journey an eagle became so nervous that the pilot was forced to descend himself with a revolver.

Poems Old And New

MOTHERS WITH LITTLE SONS

O Mothers with little sons, —

Who stand with lifted faces

All day long, —

Cry from the noisy places:

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

"Go fashion the future less

For what is a hero's death

And a coward's brutal assault

And men whose courage is dim?"

Shall foster a nobler dream.

O Mothers with little sons,

The years lie in your hands;

You are the chosen ones,

And the dead, —

For the cause

As the orphan soul implores:

Let Me Tell You

Mustard mixed with vinegar is more appetizing than when mixed with wine.

Rusted steel or copper badly treated will be much quicker eaten if rubbed with vinegar and salt.

A little vinegar in the water will kill all odor away when washing up plates used for fish, omelet, or cabbage.

A fountain-pen can be thoroughly cleaned by soaking all its parts in vinegar and rinsing well in water.

A little white vinegar will help to take a jelly off, and the metal will become tender if soaked in vinegar before it is cooked.

When boiling rice for curries or to serve as a vegetable, a little vinegar in the water will keep the rice whiter.

To make paper smooth on whiteboards, wash first brush over with vinegar then wipe paper on as usual and to blot up excess of water.

When boiling rice for curries or to serve as a vegetable, a little vinegar in the water will keep the rice whiter.

To make paper smooth on whiteboards, wash first brush over with vinegar then wipe paper on as usual and to blot up excess of water.

When boiling rice for curries or to serve as a vegetable, a little vinegar in the water will keep the rice whiter.

To make paper smooth on whiteboards, wash first brush over with vinegar then wipe paper on as usual and to blot up excess of water.

JUST IN PASSING

MY BEST

I stand upon the shore, far out at sea,
Any many boats, but none take note
Yet one I launched one too, and back
I haste

Across the main,
And washed with eager eyes
The dream away.

To see my ship again,
And when it sails rose in the west,
With richest hues of even,
I know not why—God knows best—
But I wish my ship to go.

The what language you will, you can
Never say anything but, what you are
Meaning.

AT FIRST, THEN

Lady Shiloh Douglas announced
A few days ago that her home that was
going to be the first of the new
United States. She said: "I
want to follow Princess Alice through
my example and make a first-class
happier. I know that she had
not luck but after experimenting with

the six and nine her lap is full of
yards and yards and yards of wool
to make a suit shrewd will suit the
suppleness in its part, with glossy
hair, the princess's ruling in the
painted dresses, and yet has so much
time to have all through them with
panels. Now trial such a life
appears—can I go on all this for
myself? I know that she had
not luck but after experimenting with

the six and nine her lap is full of
yards and yards and yards of wool
to make a suit shrewd will suit the
suppleness in its part, with glossy
hair, the princess's ruling in the
painted dresses, and yet has so much
time to have all through them with
panels. Now trial such a life
appears—can I go on all this for
myself? I know that she had
not luck but after experimenting with

the six and nine her lap is full of
yards and yards and yards of wool
to make a suit shrewd will suit the
suppleness in its part, with glossy

STUDEBAKER

The Great Independent

A new record for stock cars in its price class

Better than a mile a minute for 5000 miles

The Dictator '1555 to '1875

G. O. FACTORY

By traveling 5,000 miles in 4,751 consecutive minutes, the Studebaker Dictator has established a record unequalled by any stock car in the price class—comparable to the fastest recorded 5,000 miles in 4,559 minutes made by the Studebaker Commander last fall.

And not one, but two Dictator Roadsters, fully equipped, each traveled 5,000 miles in less than that number of minutes. The run was made at the Atlantic City Speedway, April 29-30, under the supervision of the Contest Board of the American Automobile Association. Before and after the run, the cars were checked by the Technical Commission and were pronounced strictly stock models.

CLAIMS vs. FACTS

Automobile advertising is full of extravagant claims of performance. The Studebaker offers you definite FACTS supported by the certificate of the highest motoring authority. Under A. A. A. supervision

PONTIAC SIX

Since the introduction of the "New Series," Pontiac Six has shattered all its own high records of success! Why? Because here is all Pontiac's proven dependability... all Pontiac's well-known strength and stamina... all Pontiac's economy...

And in addition... new, dazzling beauty... new style and smartness... new, long, low, fisher bodies... new, modish color harmonies...

... new engine refinements... new fuel-pump (replacing the vacuum-tank)... new GMAC, even if you want a new Four Wheel Brakes... new Lovejoy Hydraulic Shock Absorbers...

And because the New Series Pontiac Six is the lowest-priced six in the world that can give you all these desirable features and qualities.

Ask your dealer about the G.M.A.C. Deferred Payment Plan which makes buying easy.

Last Night's Session Was Marked By Frequent Outbreaks

In a short active session plenty of property was taken as here

OFFER OPPOSITION

Delegation Pled For Same Schedule As In Other Cities

Between two and three hundred delegates and members of the Knights of Columbus from every section of Ontario assembled in the Ontario Auditorium today to start the monster convention.

[illegible]

director of the order. Past State Deputy George Hamilton, president of the order, and State Deputy William C. Bland, also of the order, were present. The following officers of the order were present: State Deputy George Hamilton, president of the order, and State Deputy William C. Bland, also of the order, were present. The following officers of the order were present: State Deputy George Hamilton, president of the order, and State Deputy William C. Bland, also of the order, were present.

There are fully four or five hundred members in the city of Detroit, and as many of the Knights and delegates were accompanied by their wives and families, the audience was estimated to be in the thousands.

was awarded in the summer of 1964. The award was presented to the author by the American Medical Association in New Orleans, Louisiana, on Monday, May 22. The program was held at the Sheraton Hotel. The author was the only person from the Atlantic coast who attended the ceremony. The award was presented to the author by the American Medical Association in New Orleans, Louisiana, on Monday, May 22. The program was held at the Sheraton Hotel. The author was the only person from the Atlantic coast who attended the ceremony.

[illegible]

STARTED WITH PARADE

The program started with a parade to St. Charles, where it was celebrated. Following the parade, the group returned to the city.

THE BULLETIN BOARD

Mainly About People You Know

POST OFFICE HOMES

Post Office homes for Victoria Day, May 20th, are as follows:—
 8 a.m. to 8 p.m.—General Delivery, Registration and Postage.
 8 p.m. to 10 p.m.—Postage.
 No delivery will be made by letter carriers. The evening collection from street letter boxes.

NO PAPER TOMORROW

Owing to the fact that the Victoria Day holiday and a legal holiday there will be no issue of the Daily Intelligencer. Advertisers are reminded that copy for Saturday's issue must be in this office by Friday night.

EMPLOYEES MEETING

A meeting to elect a new Executive Committee will be held in the Walker Hardware Store at 5 p.m. on Friday night. The final business reports and accounts of this successful year will be received. All members of the committee are urged to attend this meeting.

LAST PRESENTATION

"An Eye for an Eye," the play by Christ Church Dramatic Club, was presented in the City Hall last night before a fair audience. The production, which was the last of the club's season, was well received. The club is now in the final stages of its season and will soon be in the hands of the new club. The production was well received and the club is now in the final stages of its season and will soon be in the hands of the new club.

THEATRE ON DISPLAY

The Opera which will be given to each individual member of the Club at the hall house on display in the window of the Woolley Fur Company. These trophies along with the one emblem of the girls' indoor athletic championship will be presented at a banquet in the Junior's Hotel tonight at 8 p.m. Harold "The" Woolley is manager of the winning team. The banquet will be attended by the players and officials of the team only.

ROCKY MOUNTAIN

The Belleville General Hospital board of trustees will play an exhibition game at Point Arena against the Canada County team tonight. The Canadian Legion recently played an exhibition game with the team and won. The game was played at the Point Arena and the team was defeated. The game was played at the Point Arena and the team was defeated.

BEAVERS OFF FOR EAST

The Belleville Beavers baseball team will leave early tomorrow morning for Kingston where they will play the morning against a well-known Kingston team. They will proceed to Brockville, in the afternoon where they will meet the Canadian National League Association team. Alan McFarlane of the Beavers is taking the trip to go down the line-up and the girls will not doubt give a good "Send-off" to the players in their engagements. The team will be away for the first time on this road trip.

CAPITOL Theatre TONIGHT

"West Point"

Starring William Haines, Jack Lanning, Fredrick, Ignatius, Thelma Lester, "Brown of Harvard," and "The Girl Who Stole the Heart of a Soldier." This was pretty good Crawford's job for several weeks while making this picture "IT'S A WONDERFUL LIFE."

**PURE CLEAR
ICE**
RENDERS YOU AND YOUR
FAMILY

Proper refrigeration of food is necessary—all are agreed upon that; but proper refrigeration must necessarily include ice that can be depended upon to be free from dirt and from all disease bearing germs. Such ice, and this kind alone, is a real health protector for your family. Any other is dangerous and a menace to health.

**GRAHAM'S ICE IS
THE ONE,
SAFE KIND!!**

Graham's ice is the one safe kind because it is absolutely pure—free from dirt, sawdust, and any possible disease bearing germs, because it is made from the purest of water, and cannot therefore be anything but perfectly safe for your family to use in any way. Use it in your drinking water, if you wish, for why not, since it is but pure water.

No danger of any shortage either for Graham's Ice is manufactured as it is used, assuring an adequate supply at all times. . . .

Another point and not an unimportant one either, is that Graham's Ice is actually cheaper than other ice because it is harder, and lasts longer. In short, you get pure, hard, solid, dirt free and germ free ice for less money when you use Graham's.

Is it worth taking a chance with any other? A phone call to 374 will put your name on our list for regular delivery. Do it now!

Beginning

MONDAY
April 30th

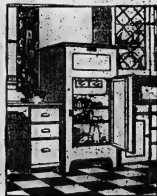

An Invitation

*to learn the
advantages of*

FRIGIDAIRE

ELECTRIC REFRIGERATION

YOU'VE heard so much about Frigidaire Electric Refrigeration. You've seen it advertised. Now a special two weeks showing gives you an outstanding opportunity to view the many Frigidaire models in actual operation. Now you can find out first hand what Frigidaire does, and how it does it. You can see for yourself the distinctive features of Frigidaire design, construction and operation. You can see how truly beautiful are the new Tu-Tone Cabinets. You can learn the low Frigidaire prices and easy terms of purchase.

*See the New, Lowest
Priced Frigidaire*

Frigidaire Electric Refrigeration is a product of the world's largest organization of electrical, mechanical and chemical engineers. It is backed by the vast resources of General Motors Corporation. Great value at low price has placed more Frigidaires in use than all other electric refrigerators combined. Plan to visit this Frigidaire showing early.

The model T-5 (illustrated at right) is the lowest-priced electric refrigerator ever built. It's a jewel—in gleaming nickel, lustrous Duco and spotless white enamel. It has 5 cubic feet of food space. Uses very little current, yet freezes 36 large ice cubes between meals, or a wide variety of desserts and salads. Can be connected with any electric outlet—easy to move. Priced at amazingly low figures. Can be bought on liberal terms through the General Motors Deferred Payment plan.

Presenting, Also, FRIGIDAIRE For Commercial Uses

Included in this showing are demonstration models of Frigidaire for stores, restaurants, hotels, factories and other institutions. We shall be glad to explain how Frigidaire Electric Refrigeration can be included in your equipment—and how you can save money and trouble by doing so.

ICE

I HAVE RENTED
the Ice House and equipment.
MR. A. SMITH, at 147 request

and will carry on the business as usual, in connection with his own, serving his customers with the finest grade of ice obtainable, trusting to be favored with continuance of the patronage accorded Mrs. Smith during the past few years.

I hope by increased attention to the ice business to merit your confidence this season as in the past.

Using Ice makes food taste better, prevents spoiling, saves money than it costs in keeping food fresh and palatable.

ARNOLD CHURCH FINE
 A. C. Church, of 1001 N. 10th St., was arrested Monday morning on a charge of intoxication. He was fined the usual \$10 and \$7 costs for a first offense.

SIX MONTHS SUSPENDED

Mr. Michael Connor, one time of this city, was this morning suspended from the police force for six months on a charge of theft. They were remanded from jail.

CATHERINE MARGARET MYFLEN

Catherine Myflyn, 17-year-old daughter of Mr. and Mrs. W. J. Myflyn, of 1716 1/2 Main street, died yesterday morning at her home.

They were taken to Kingston for interment.

HOLTON KENNEDY

Donald Holmes, of R. B. of 10th St., was arrested Monday morning on a charge of driving a horse that was not fit to be used, and was fined the usual \$10 and \$7 costs.

A veterinary man has stated that the animal in question had only a small cold on its body that was not serious when the animal was first taken to the veterinarian.

Mr. Holmes was freed of any charge laid by the Humane Society.

INSPECTION TOMORROW

Belleville College students will be this morning inspecting the city of Belleville. They will be accompanied by the city engineer.

The inspection will be held at the school and an officer of the Army will be present.

Mr. Holmes was freed of any charge laid by the Humane Society.

ILLUSTRATED LECTURE

On Tuesday evening, May 29th, at 8 o'clock, the Belleville College students will be this morning inspecting the city of Belleville.

The inspection will be held at the school and an officer of the Army will be present.

RESIGNED WITH SWEAT

The girls' softball team of the Belleville College students will be this morning inspecting the city of Belleville.

The inspection will be held at the school and an officer of the Army will be present.

FIRST LUNCHEON

Regular Monday luncheons have been resumed for the season at the County Country Club and today a large number in attendance at the first one of the season.

The luncheons are held in the large and comfortable dining room of the clubhouse, which is well equipped with all the latest and best of the season.

The luncheons are held in the large and comfortable dining room of the clubhouse, which is well equipped with all the latest and best of the season.

EMERGENCY DAY PROGRAM

A splendid program of patriotic songs and plays was held last Wednesday at the County Country Club and today a large number in attendance at the first one of the season.

The luncheons are held in the large and comfortable dining room of the clubhouse, which is well equipped with all the latest and best of the season.

ing their absence. | end at Mr. Stanley Whetler's, Cloyne. | United Church on Sunday.

Playing the class of ball that will hand them in the finals for the C. O. B. L. pennant the Belleville Nationals disposed of the Deloro team here yesterday before a fair crowd by a score of 3-0. The locals were best first, last, and all the time and the Deloro team were unable to fathom the delivery of "Hook" Olson, who had the visitors roped and hog-tied from the opening inning. Belleville have now won both of their home

The previous night's rain allowed for a cancellation of the game but groundkeeper Scott and seven colleagues got busy with shoveling the infield and several area patrons were offered over a glass of the diamond and a match to watch the liquid and the afternoon saw the greenward in an improved condition. It is desired with the increased number of games that no postponements should ensue, as it will be a strenuous season for the Nationals. They will play in Ochsana on Saturday and in Kingston on Monday and in the event of winning both of these games they will be sitting pretty.

Manager John Hampshall introduced some new players to the fans and of them are equal to the class of players in the Central League. Scott a brother of Bob Scott, who took

Four Mench First.

Only four men reached first in the 100-yard dash and another was called out for being poled out a nice double the longest hit of the day for not touching first base.

The teams certainly played like the proverbial well-oiled machine and their cohesion yesterday had the fans sitting up aghast. Bobby Scott's third base burn in one smart game of ball and the fans are more than ready to see the young man in action. He has a great throwing arm and makes an attempt for everything within his range.

It was a perfect day in the field accepting a very dry during chances without the sign of a storm. Harry has recovered his old-fashioned form and right now is playing the best ball of his career. He and Scott make a great pair over at the home plate corner of the diamond.

"Pokey" Mills went back to the catching box and handled O'Brien in a fine way. The catcher is one of the weak links of every one of the Delco

Harry Mills batted for an average of .500 yesterday helping himself to two hits in four times up. He covered the keystone sack well and the three or four bad throws out of the dirt which would have eluded a first basemen of mediocre calibre.

Vern Weir and Wicky Ross each had one hit and turned in their usual fine game in the outfield. Weir

also contributed one of the feats of the afternoon when he dug spikes in the terra firma knocking down Jack's smoking liner and covered the ball in oceans of time to throw out the runner. Lambert's line smote the longest hit of the day in the ninth to deep left field. Harry Mills sensed that he felled a tough first, so did the umpire.

Weir's fly in the third frame. Coe of Belleville umpired behind the plate and Kerr of DeLora was on the base.

Scores in Second.
 Belleville scored first in the so
 inning. Harry Mills starting the

ceedings with a neat single to left
Blakely who followed him placed

TIRES

GEN. SECRETARY DOM. LIFE SPOKE

Urges Local Underwriters
To Get Full Vision
of "Service"

The local Association of Life Underwriters had the privilege last evening of listening to an exceedingly interesting address from Mr. Eric V. Chown, General who is the General Secretary of the Dominion Life Underwriters Association.

"Mr. V. E. Mahit, D.D., was one of the leading forces of the general insurance in this country, and he was called on for a life work, and free to follow his commendation of modern life insurance, securing each firm, and accomplishments were playing an in-

The Old Reliable

positive present that their efforts and suddenly then regarded that Life Insurance is the greatest of all the great substitute possible at such a time as it is necessary to get a new method of accumulating retirement for the assured himself.

"There exist several out of town associations in attendance and the greater percentage of those men made application for membership in the local Association."

Mr. Chown addressed centered around the motto of "Service" upon his address in reference to get a greater vision of the great service that grades can be rendered. Co-operation rather than individual competition will in the long run produce far greater and more lasting results for all and create the profession in its rightful place. He stated that in our Association of Life Underwriters there is no company, only individual insurance and that representatives of individual companies should always be in the hearing at least even though it may temporarily seem difficult, as in the long run all will benefit by it.

"The speaker gave several interesting statistics, a few of which follow:—

"That only about 4% of human life value on this continent is insured."

"That 7% of estates left in the last 14th year consumed entirely of Life Insurance, and get only about 4% in return."

"The speaker stated in his closing remarks that the Association of Life Underwriters can be created as a way of the public in recent years towards Life Insurance, and stated that in England where there is no Life Underwriters Association the increase in business."

Advice to Girls
By Annie Laurie

DEAR ANNIE LAURIE:
I am a girl twenty years of age. For the past month I have been engaged in a young man whom I like very much. I am sure he would make a good provider and be kind to me. But this fellow is not as extensive as mine and sometimes I think his ideal might be higher.

Do you think I should break my engagement? Would it be better to be free?

UNDETERMINED: I think, my dear, you should be fair to your fiance and yourself while you wait for his impossible engagement. Since you feel that your fiance is not as extensive as mine and have no respect for his "ideals," I think the marriage would not be happy and would be decidedly unwise. Remembering such a way, it would be better to wait upon the rocks.

DEAR ANNIE LAURIE:
I am a girl in my teens. I am engaged to a young man two years my senior. He says he loves me but I don't love him. He says that if I should marry him I could ever learn to love him.

READER: My dear, you would be doing badly and your present great injustice were you to marry him when you can not love him. If you are sure that this is indeed the case, break off the engagement with him in the kindest manner possible. But do not for the sake of his present happiness ruin his and your future.

DEAR ANNIE LAURIE:
Although I am now, and have been for eight years, I come to you for advice. Is it right, or rather, is there any harm in a young married woman wishing to know who one of her sister-in-law's boy friends? I did that very thing when I was visiting her, and it has worried me very much. She, herself, suggested his coming home, and said she thought it was all right. I told my husband all about it, and he said it was perfectly all right, but I felt that it wasn't at all proper. What do you think?

MUCH WORRIED: My dear, of course there was not harm in your permitting a young man to escort you to church. It was perfectly natural and most kind of your sister-in-law to suggest his doing so, and the most harmless thing in the world for you to acquiesce. Your husband agrees with me that there was nothing wrong in this, and that there is no reason why you should be unhappy about it. Cheer up and forget all about it.

ones over the last 20 years is only about 100%, whereas in U.S.A., over the same period the percentage of increase is about 400%, and in Canada about 1000%, and that the Association of the master power behind the changed public opinion.

In thousands most country girls wear stockings only on Sundays. Stockings are expensive, as the girls who do not go barefoot, wrap pieces of cloth around their feet.

Sanbrett Tucking Does
Honor To The Sun's
Bright Rays

As if he be homes in the coming spring of warm weather, fashion has featured frocks with frills that represent the Sun's bright rays. The smart frock above is a gown in which the frills which were once worn by the "dressed" were now worn by the "undressed" in the hands of the women who were in the line at the beach. The skirt here is placed around the front and is just as effective placed in a skirt. Made in silk crepe, made in China, with a simple design, which would make an attractive addition to the wardrobe of a country or for a vacation. It is a lovely frock for a vacation. (Copyright, 1928, by Sunbrett.)

Some Helpful Hints For Busy Housewives
Do not forget to clean the walls and registers. A radiator brush will readily clean the radiator, but such register should be lifted out and thoroughly dusted with a brush and

oil cloth. Remove all dust and other accumulation from the interior of the opening and brush the hot air pipe and screen. Placing a filter sheet of newspaper inside the register will prevent dust from dropping in during the non-heating season.

The earliest known English country is "Ralph Roster Dolester," first printed in 1506.

TODAY'S THOUGHT.
 There's never a more unhappy
 creature than an ill-housed old man,
 who is neither capable of receiving
 pleasure nor capable of doing them
 to others.
 R. W. TEMPLE

**CLEARING THE AIR
 FOR RADIO PANS.**
 Accompanied by the radio com-
 mission of the United States, that
 the freedom of the broadcasting in-
 dustry in that country, which expires
 on June 1, will not be renewed is good
 news for radio fans. The further
 situation is free-coming that this
 action is to be brought by redifinition
 of the law which was the basis of the
 American continent. Canada is par-
 ticularly interested in the latter in-
 teresting, and the question now is
 that of the effect of the cessation of
 some and fisheries, which has juris-
 diction to radio matters in the
 Dominion, for greater control of the
 law for radio stations in the
 United States more than a
 year ago, and the commission that
 the commission and the United States
 authorities would, according to being
 out of these that had been
 playing between the two nations.
 The improvements did not come
 immediately. Indeed, it was completed
 that conditions were worse than
 before. Indeed, that seemed at first
 in theory failed to "stick" in practice.
 Misleadingly anonymous increased
 were longer, although the radio
 were alleged and realized within
 the week. Eventually, a semblance of
 free came out of the struggle, but it
 was realized that not until the broad-
 casting interests of many stations were
 cancelled would it be possible to pre-
 vent oversteering. The radio com-
 mission of the United States has
 the power to cancel broadcasting
 licenses, but it is not to be expected
 that those who, on June 1, will be
 denied the use of the air will with-
 draw from the broadcasting field
 without a struggle. Powerful inter-
 ests are having their toes stepped on
 and they will certainly bleed. We
 will be very much surprised if the de-
 cision to cancel 100 licenses does not
 stir up a free political rumormongering
 at Washington.

be caused by heavier motorization. It is
 now recognized. The Ottawa com-
 munity under the band of traffic detour
 and if other drivers of motor cars,
 even when no accident occurs, would
 never, old information reached them
 who persist in cutting in and out of
 the traffic line, forcing the
 collection drivers to jam on the
 brakes to avoid collision, the practice
 could be discouraged greatly.
 It is not an offense to pass a car on
 the highway when it is reasonably
 safe to do so. The driver who cuts
 out of the line, not knowing whether
 or not there is room up ahead into
 which he can steer his motor car, is
 deserving of no consideration. He is
 a nuisance who should be deprived of
 his driving license, a positive means
 on the highway.

**DETERMINED EFFORTS
 TO CHECK THE WEEDS.**
 A determined effort is being made
 to check the weeds in the
 American continent. Canada is par-
 ticularly interested in the latter in-
 teresting, and the question now is
 that of the effect of the cessation of
 some and fisheries, which has juris-
 diction to radio matters in the
 Dominion, for greater control of the
 law for radio stations in the
 United States more than a
 year ago, and the commission that
 the commission and the United States
 authorities would, according to being
 out of these that had been
 playing between the two nations.
 The improvements did not come
 immediately. Indeed, it was completed
 that conditions were worse than
 before. Indeed, that seemed at first
 in theory failed to "stick" in practice.
 Misleadingly anonymous increased
 were longer, although the radio
 were alleged and realized within
 the week. Eventually, a semblance of
 free came out of the struggle, but it
 was realized that not until the broad-
 casting interests of many stations were
 cancelled would it be possible to pre-
 vent oversteering. The radio com-
 mission of the United States has
 the power to cancel broadcasting
 licenses, but it is not to be expected
 that those who, on June 1, will be
 denied the use of the air will with-
 draw from the broadcasting field
 without a struggle. Powerful inter-
 ests are having their toes stepped on
 and they will certainly bleed. We
 will be very much surprised if the de-
 cision to cancel 100 licenses does not
 stir up a free political rumormongering
 at Washington.

THE JOURNEY
 As I set out in muffled,
 Sluggish as a boy,
 I found through a wilderness
 All alone with my
 Without the least of doubt
 I knew that he was there:
 That he was when I was
 I was well aware.
 He seemed to have no business
 But just to be when I was
 No checks for my laughter,
 No echo for my song.
 I plod the shadowed highway
 With less of laughter now,
 But with a firm for musing
 And with a soberer joy.
 Still my reserved compassion
 Kept up the dagger's sting:
 He is the sort of warrior
 That's worth in every race.
 He is alone at 2 a.m.
 We're nearly side by side:
 I go as proud as he does
 And with a bold a stride.
 At some appointed moment,
 He reaches out his hand to me
 He will reach around forward,
 And catch me by the wrist.
 —By Douglas Campbell Rector.

OTHER MEN'S THOUGHTS
 The break that's only thing that
 goes on forever. There's evolution
 and the instincts - Montreal Herald.

THE PASSING YEARS
 O'ron the fulcrum of this
 Our 20th year old - left today.

Mr. John Thibault of Boston,
 Mexico has arrived here to spend the
 summer.
 Miss Marie McDonald and Mr.
 George O'ron were married today
 at St. Michael's Church.
 Mrs. William Sharp has returned
 from Toronto, having received his
 certificate in gun practice.
 Mr. Albert Winslow, who is con-
 nected with the James H. Roy law-
 firm will have his family from Tor-
 onto to Belleville shortly.

Mr. Thomas Kirk left today for
 Kansas.
 Mr. C. P. McFarland was in Town
 today.
 Mr. and Mrs. Henry Prince are ex-
 pected home on Tuesday.

Confidential stenographer has dis-
 appeared after borrowing \$1000 from
 his employer. He was evidently an
 expert on the touch system - Ottawa Journal.

A Hamilton newspaper regrets that
 death is not what it used to be. It
 never was - Montreal Gazette.

There is one last consolation the
 pedestrian has. When he lies in an
 ambulance he has the right of way
 over all others - Ottawa Citizen.

BIG NERVE CHANGES OCCUR AT THIRTEEN

By DR. LOUIS H. RUSCH.

At just the time when most children learn to walk, their nervous system undergoes a series of changes in the young girl, it precisely the time when we expect them to learn to walk and learn from the world.

All infants or children girls are protected from the public school to attend the high schools, but the more advanced school everything in life. From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.

From the moment of birth, the child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit. The child is exposed to the world of the spirit.
